EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with R Lee Fraley on 3 February 3, 2006.

The application has been amended as follows:

Claim 20 has been canceled

2. The following is an examiner's statement of reasons for allowance: The prior art made of record failed to show a modular plant growing apparatus comprising, a housing, a recirculation pump in a reservoir defined by the bottom of the housing, plant receiving openings in opposing sidewalls, said opposing sidewalls being both straight on some modules and arcuate on other modules so that different shaped modules may be stacked horizontally and/or vertically, via mated apertures and protrusions respectively in the sides, tops, and bottoms of said modules, and may form various shapes such as circular or elliptical.
3. Specifically with regard to newly discovered US Patent 6,615,542 to Ware cited herewith, the embodiments of Figures 8-10 are not considered to anticipate the present invention as claimed for the following reasons: (1) Ware does disclose a module with straight opposing sidewalls, only one with arcuate sidewalls, (2) Ware does disclose legs extending from the bottom of the housing, or mating openings in the top thereof for mated engagement with said

Art Unit: 3644

legs, providing for stable vertical stacking, (3) Ware does not disclose coupling protrusions extending outwardly from one sidewall for mating with openings in the opposing sidewall, providing for stable horizontal stacking, and (4) no combination of stacking Ware's modules will create an elliptical shape.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
